PERMISSION TO COPY

The Cooper Ornithological Society hereby grants permission to copy chapters
(in whole or in part) appearing in *Studies in Avian Biology* for personal use,
or educational use within one's home institution, without payment,

provided that the copied material bears the statement

“©2011 The Cooper Ornithological Society” and the full citation, including
names of all authors and year of publication. Authors may post copies of
contributed chapters on personal or institutional websites, with the exception
that complete volumes of *Studies in Avian Biology* may not be posted on
websites. Any use not specifically granted here, and any use of *Studies in
Avian Biology* articles or portions thereof for advertising, republication,
or commercial uses, requires prior consent from the series editor.

DEDICATION

To the indigenous peoples of the Boreal Forest region,
whose stewardship has maintained harmony with the birds
and the land for thousands of years.

And to Carl Marti, who began the process to bring this book
forward through the Studies in Avian Biology series but was lost
to the ornithological community before the volume was
completed.
